# Thunderbolt 3 to eSATA and USB Adapter

- Attach an eSATA drive to your Thunderbolt 3 Mac
- 6 Gbps eSATA connectivity for an external storage device
- Add a USB-A 3.1 or USB peripheral via a second port
- Ultra-high-speed data transfer rates up to 40Gbps
- Plug-n-Play, no drivers or software to install

## Connect & Back Up

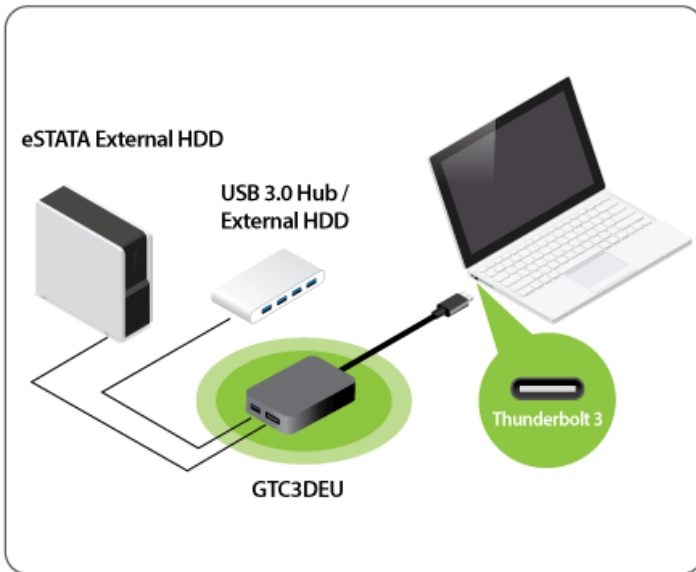

IOGEAR's Thunderbolt 3 to eSATA and USB Adapter quickly connects your MacBook Pro to an external storage device. Backup and access your files in no time with the Adapter's ultra-high-speed data transfer rates reaching speeds to 40Gbps.

## Add an Extra USB Port

Utilize the USB port on the Adapter to simultaneously attach other USB devices. Charge and synch your Smartphone or connect a USB hub for port expansion without experiencing any performance delays.
