Superior sound quality with supreme comfort

The KWH-251 stereo headphones with wireless technology from KlipXtreme will surely offer the best balance of features, comfort and performance. With a battery life of about 22 hours you will be able to enjoy an uninterrupted audio experience, complemented by the convenience of having the control buttons close at hand to manage volume, select tracks and pick up incoming phone calls. Ultra lightweight and sleek in design, they feature LED lights that cycle through multiple colors and patterns, adding a distinctive note to this pair of on-ear headphones. They are built with a sturdy, cushioned headband and swiveling ear cups, which make these headphones extremely comfortable to wear during extended periods of time. Using Bluetooth® V5.0 they offer a reliable and stable connection to stream music wirelessly from any compatible device within a range of 80ft from the audio source. Designed with high quality materials, this pair of headphones will fit smoothly into its protective case to make a great travel companion.

Highlights

- Superior sound quality delivered through high-performance 40mm drivers
- Long-lasting 22-hour battery life, with about 100 hours of stand-by time
- Only 2.5 hours for quick battery recharge
- Cushioned leatherette headband that conveniently extends for maximum comfort
- Ultra-lightweight design with comfortable swiveling ear cups, that fold flat to be easily carried in their protective case
- Full on-board controls for power, music and phone call management
- Brand logo with LED multicolor lights with different lighting patterns, which can be turned off completely
- Bluetooth® V. 5.0 platform, for greater wireless range, and based on an area free and clear of obstacles and interference between both Bluetooth® V5.0 devices

Technical specifications

Headphone	KWH-251
