Notes		

Adapter does NOT function as an MST hub.
Although this adapter supports 2 concurrently connected displays, the host OS only recognizes a single display resulting in the same image on both displays (mirror effect).
A host laptop with an available USB-C port (to ensure full adapter functionality, the host USB-C port must support DP alt mode)
A 4K-capable display is required to achieve 3840 x 2160p resolution (4K is also known as 4K x 2K)
Uses 2 data lanes for DP alt mode @ HBR2 for video output.

* Product appearance and specifications are subject to change without notice.

* Same day shipping is only available for orders shipping within the United States.
