

CARBON™ RACK CABLE MANAGEMENT

CRA30010

Organize overhead cable runs
between and within rack rows

The CRA30010 partition set allows separation of power and data cable routing when used with the CRA30009 trough system. This model features toolless mounting to the rack roof panel and has a grounding stud to tie-in to the enclosure and the facility ground. This product is fully compatible with our CR42U11001 and CR24U11001 rack enclosures. The CRA30010 is covered by a 5-year limited

FEATURES

- Type: Cable management partition set
- Compatibility: Fits CR42U11001 and CR24U11001
- Installation: Toolless mounting
- Warranty: 5 years
