

2-to-1 RJ45 Splitter Cable Adapter - F/M

StarTech ID: RJ45SPLITTER

The RJ45SPLITTER 2-to-1 RJ45 Splitter Cable Adapter increases the number of RJ45 network connections on an RJ45 outlet, allowing two 10/100 Ethernet signals through a single Cat5/Cat5e wire.

On one end of the installation the splitter enables you to connect two patch cables from a hub or switch to a single port on a patch panel; while on the other end of the installation the splitter connects to a single Cat5/Cat5e network drop through a wall outlet which can then be split and connected to two separate devices. The patch panel and wall outlet are connected through a single Cat5/Cat5e cable.

Designed and constructed for maximum durability, this Ethernet Splitter Cable is backed by StarTech.com's Lifetime Warranty.

Applications

- Allows two 10/100 Ethernet signals through a single Cat 5/5e wire
- Cannot be used to share a single network line with two computers use a hub instead
- Ideal for 10/100Mbps Ethernet application (Not suitable for Gigabit network (1000Mbps)

Features

1x RJ45 Male to 2x RJ45 female connections

Technical Specifications

Warranty Lifetime

Number of Conductors 8

Cable Jacket Type PVC - Polyvinyl Chloride

Connector A 1 - RJ-45 Male

Connector B 2 - RJ-45 Female

Wire Gauge 24 AWG

Cable Length 13 in [330 mm]
Product Length 13 in [330 mm]
Product Weight 0.1 lb [0 kg]
Shipping (Package) Weight 0.1 lb [0 kg]

Included in Package 1 - 2-to-1 RJ45 Splitter Cable Adapter - F/M
