

HP Value Series

HP S1933

18.5-inch Widescreen LCD Monitor

Built with your business budget in mind

Introducing a new, value priced monitor from HP - providing a clear view of your savings as well as your work.

HP's low power panel makes a high impact on business

HP makes it easy for your growing business to choose responsible IT equipment and save money as you 'go green'. The HP S1933 houses a low power consumption panel that uses less power and contains 50% less mercury than other 4 lamp LCD monitors on the market. This can translate into less impact on the environment and more savings for your business. As well, the display glass is Arsenic-free and the packaging materials and plastic components of the monitor are completely recyclable, which can help improve your responsible recycling efforts when the time comes to upgrade or replace your monitor.

Exercise your options

The HP S1933 offers guaranteed out-of-the-box compatibility with HP business products and HP LCD monitor options (each sold separately), including:

- An HP Quick Release to quickly and securely attach the monitor to a variety of stands, brackets, arms or wall mounts*
- An HP USB Graphic Adapter to connect up to six simultaneous displays, helping you boost productivity and multi-task across several open applications
- An HP Business Security Lock Kit to protect against unauthorized removal

"Going Green" doesn't have to cost a lot of green

You don't have to spend a lot of money to get what you need to succeed. With the HP S1933, you can witness impressive visual performance for clear views of your work with the following features:

- A broad 16:9 aspect ratio
- Wide resolutions to 1366 x 768
- Fast 5 ms response time to control ghosting**
- 5,000:1 dynamic contrast ratio for excellent contrast
- Adjustable tilt settings to enable best visual positioning
- VESA mounting capabilities to free up desk space

In addition, the HP S1933's VGA input makes "plug and play" connectivity quick and easy.

Experience the value of HP

Know that your business needs are covered with the HP S1933. Each monitor has a limited three year warranty, which includes parts, labor, and on-site service and support.

THE COMPUTER
IS PERSONAL
AGAIN.

*The HP Quick Release has been designed to support a maximum of up to 24 lbs (10.9 kg) for all devices mounted. Because mounting surfaces vary widely and the final mounting method and configuration may vary, mounting fasteners are not supplied (other than the VESA-compliant screws). HP recommends that you consult with a qualified engineering, architectural or construction professional to determine the appropriate type and quantity of mounting fasteners required for your application and to ensure that your mounting solution is properly installed to support applied loads. **All performance specifications represent the typical specifications provided by HP's component manufacturers; actual performance may vary either higher or lower. ***HP Care Pack Services extend service contracts beyond the standard warranties. Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts from date of hardware purchase. To choose the right level of service for your HP product, use the HP Care Pack Services Lookup Tool at www.hp.com/go/lookuptool. Additional HP Care Pack Services information by product is available at www.hp.com/hps/carepack.
