

LabelWorks Pro100

The dual-purpose LabelWorks Pro100 is Epson's first label maker that allows you to print both durable plastic signage and temporary paper labels, thanks to its thermal transfer and direct thermal printing technology. It's also uses chlorine-free Olefin plastic for environmentally-friendly labels.

Best of both worlds

You can create reliable and durable signs and labels, ranging from hazard signs to identification labels, around the office, warehouse and similar environments with the Olefin plastic tapes. At the same time, you can create address labels and temporary maintenance and security stickers using the pre-cut paper labels *1.

Customise

You can customise your durable plastic labels for whatever you need. Choose between seven different coloured Olefin plastic tapes, available in 100mm and 50mm width rolls, and five different coloured ink ribbons.

High-quality prints

This label maker boasts a 300dpi print resolution, making it one of the highest in its price range. You can be confident that all your important signs and labels are printed with high-quality results.

Larger label printing

You can print right up to the edge and print more labels per tape with borderless printing. It also helps you to produce large-scale signs by enlarging what you want to create and printing that image across two, three or four labels. You can then neatly arrange them together, side-by-side.

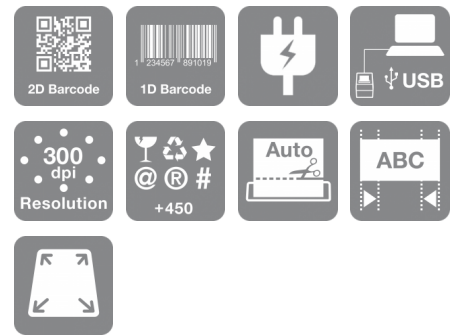

User-friendly

Connecting directly to PCs and Macs, this printer is extremely easy to use. Once the included software is installed, you are guided by the intuitive menu, where familiar icons and helpful guides let you create labels easily.

Easy application

During printing, the automatic trimmer cuts the labels, making numerous labels easier to print and manage. Applying straight, air-pocket-free signage labels neatly and quickly is easy with the label application tool (with built-in spirit level) included with the LabelWorks Pro100.

DATASHEET

KEY FEATURES

- **Use with PC**
Label design software included
- **Dual printing**
Thermal transfer and direct thermal
- **High quality**
300dpi resolution
- **Large-scale labels**
Arrange up to four side-by-side
- **Eco friendly**
Chlorine-free Olefin plastic

PRODUCT SPECIFICATIONS

PRINTING

Printing technology	Thermal transfer and Direct Thermal
Tape width	50 mm, 100 mm
Printing resolution	300 dpi
Printable Dot Numbers	1,256 dot numbers
Print height	100 mm
Print speed	20 mm/sec
Number of printable lines	custom
Maximum text length	custom

GENERAL

Product dimensions	219 x 262 x 137 mm (Width x Depth x Height)
Product weight	2,000 g
Energy Star	Yes
AC-Adapter	Yes
Colour	Green, Pale Grey

PRINT SETTINGS

Repeat printing	1 - 999 Auto
Auto increment	Yes, Alphabetic, Numerical, Date, Time
Enlargement printing	Yes x 4
Mirror printing	Yes
Vertical printing	Yes
Barcodes	Coda bar (NW-7), Code 128, Code 39, Data Matrix, EAN-128, EAN-13, EAN-8, GS1-128, GS1-DataBar, MaxiCode, PDF417, QR Code, UPC-A, UPC-E
Margin setting - Label Editor	Custom (from borderless to 1149mm)

FONTS & STYLES

Font Size	custom
Frames	86 Frames
Tables	8 Tables

MEMORY

Memory alphanumeric	Depending on user's PC
Memory accent	Depending on user's PC
Symbols	466
Memory file (saved labels)	Depending on user's PC

HARDWARE

Cutter	Auto
Detection	Cover open, Tape width
Strap hole	No
Power lamp	Yes
Feed button	Yes

CONNECTIVITY

Interfaces	USB 1.1 Type B
Compatible Operating Systems	Windows 7, Windows 7 x64, Windows Vista, Windows Vista x64, Windows XP, Windows XP x64
System requirements	Approx. 100 MB HDD space
PC Display requirements	XGA (1024 x 768) or higher
Included Software	Epson Label Editor

OTHER

Warranty	12 months Carry in Optional warranty extension available
