HP Power Bank Charging Module

Minimize classroom disruptions with streamlined power bank[1] charging

Keep your fleet of up to eight USB-C™ or 4.5mm power banks[1] charged and ready to go for students any time of day with the HP Multi Power Bank Charging Module, which delivers convenient, simple, and secure storage and charging for the devices.

Clutter free
Recharge up to eight of your power banks[1] from just one AC cable connection between the Module and a standard wall outlet.

Easy access
Slide the interior shelves as needed to quickly load and unload the banks[1] and plug them into the Module's USB-C™ or 4.5mm barrel connectors. Store extra accessories in the handy bottom drawer.

Lock it up
Secure your power banks[1] inside the Module with an optional HP master key locking solution.[2]

1. Compatible with the HP Notebook Power Bank and HP USB-C Notebook Power Bank, each sold separately.
2. Sold separately.
