Take your brand’s voice to a higher level with the power of better conversations. Jabra BIZ 2300 corded headset is an investment in world-class sound, high user satisfaction and competitive total cost of ownership.

ENSURE YOUR KNOWLEDGE WORKERS SOUNDS LIKE YOUR BRAND
Your knowledge workers are your brand’s front line. Jabra BIZ 2300 will ensure every conversation becomes a great brand experience. Jabra BIZ 2300 features HD Voice/Wideband speaker performance and best-in-class noise cancelation.

KEEP YOUR KNOWLEDGE WORKERS HAPPY
The Jabra BIZ 2300 blends light-weight yet durable construction with an unobtrusive, professional Scandinavian design aesthetic. The Jabra BIZ 2300 works hard, looks great and is designed for easy daily handling. It is a headset built to be comfortable all day long.

A HEADSET THAT IS BUILT TO LAST
Jabra BIZ 2300 is built with total cost of ownership in mind. Beside 360° degree rotating break proof boom arm and Kevlar-reinforced cord, Jabra BIZ 2300 is built to withstand the everyday life of a high-performing environment.

Jabra BIZ 2300 is available in QD and USB-versions, here in the USB-version with the control unit providing the user with easy call management. Jabra BIZ 2300 is also available in duo and mono-versions.
JABRA BIZ 2300 PRODUCT BENEFITS

Air shock microphone
When the microphone is close to the mouth of the user, there is a risk of respiratory noise. To reduce it, the microphone is designed aerodynamically, and with many small holes instead of a larger hole. In addition, there is included foam on the inside of the microphone. Overall, it reduces the penetration of air shocks to the microphone, which optimizes the call quality.

FreeSpin™
The unbreakable 360 swiveling boom arm ensures that end-users always have the option to customize the location of the microphone optimally in relation to current needs without exposing the boom arm to any break risk.

HD Voice – Wideband Audio
Enjoy high-definition sound with HD Voice and get crystal clear, intelligible communication. You get life-like, vibrant conversations where you can focus on the content and don’t have to struggle to understand what the person on the other end of the line is saying.

Kevlar® reinforced cord
Cords made with Kevlar help to deliver performance and value to end user by providing excellent robustness, fatigue resistance and durability, which in total contributes to the cords overall quality, and by that reduces the headset’s total cost of ownership.

Noise Canceling Microphone
Noise canceling microphones reduce unwanted background noise and are ideal in crowded and noisy, open office environments.

PeakStop™
PeakStop technology immediately removes potentially harmful loud sounds or tones before they reach your ears and keeps the sound level within the safe range to protect your hearing.

Talk in Comfort
Assure total comfort with a range of styles that match your individual needs and personal fit requirements. Our light, ergonomically designed frames along with soft ear cushions, adjustable headbands and microphone boom will guarantee that your headset will be comfortable all day long.
