

## Premium High-Speed HDMI Cable with Ethernet and Digital Video with Audio, UHD 4K x 2K @ 60 Hz (M/M), 6 ft.

MODEL NUMBER: **P569-006-CERT**

### Highlights

- Supports UHD video resolutions up to 4096 x 2160 (4K x 2K)
- Supports data transfer speeds up to 18 Gbps
- Ideal for connecting 4K televisions
- Tested for highest performance and ultra reliability
- Special high-grip plugs prevent accidental disconnections

### System Requirements

- Video source with HDMI output
- Display with HDMI input

### Package Includes

- P569-006-CERT Premium High-Speed HDMI Cable with Ethernet (M/M), 6 ft.

### Description

The P569-006-CERT Premium High-Speed HDMI Cable with Ethernet (M/M) is recommended for home theater systems and other applications that display Ultra High Definition (UHD) video and multi-channel audio. It connects an HDMI-enabled source device, such as a Blu-ray™ player, video game system or computer, to a 4K-enabled television, monitor or projector.

This six-foot cable is specially certified by HDMI to guarantee UHD video resolutions up to 4096 x 2160 (4K x 2K), including 1080p, at 60 Hz. Burgundy molding signifies the cable's status as an HDMI Premium Certified Cable. Distinctive high-grip male connectors ensure a secure, tight fit to prevent the cable from coming loose accidentally.

The P569-006-CERT also supports data transfer speeds up to 18 Gbps and 3D video. Backward compatible with previous HDMI generations, the P569-006-CERT works in all HDMI cabling scenarios.

This latest generation HDMI cable supports Ethernet data connectivity, which allows web-capable devices to share their internet connection with other connected devices. An audio return channel simplifies setups between displays and A/V receivers. When used with an Apple® digital A/V adapter, it supports iPad2® video mirroring for playing games, watching videos or displaying presentations.

The 28 AWG cable features premium foil and braid shielding to deliver top-of-the-line signal quality and protection from EMI/RFI interference. Gold-plated connectors and contacts ensure excellent conductivity.

### Features

#### Connects HDMI 2.0 Source to 4K TV, Projector or Monitor

- Recommended for home theater systems, classrooms, conference rooms, data centers, digital signage and other applications that display UHD video and multi-channel audio

#### Premium Certified by HDMI

- Certified to guarantee UHD video resolutions up to 4096 x 2160 (4K x 2K) @ 60 Hz
- Special burgundy molding signifies Premium Certified status

#### **Distinctive High-Grip Connectors**

- Male plugs specifically designed for secure, tight fit that prevents accidental disconnection

#### **High Performance and Wide Compatibility**

- Supports data transfer speeds up to 18 Gbps and 3D
- Audio return channel simplifies setup between display and receiver
- Supports iPad2 video mirroring when used with Apple digital A/V adapter
- Backward compatible with previous HDMI generations
- Works in all HDMI cabling scenarios

#### **Superior Construction Ensures a Flawless Signal**

- Fully molded 28 AWG construction with integral strain relief for durability and long life
- Premium foil and braid shielding for EMI/RFI noise protection
- Corrosion-resistant gold-plated connectors and contacts for optimal signal transfer
- Flexible PVC jacket easy to install in tight spaces

## **Specifications**

<b>INPUT</b>	
Cable Length (ft.)	6
Cable Length (m)	1.8
Cable Length (in.)	72
<b>PHYSICAL</b>	
Color	Black
<b>CONNECTIONS</b>	
Side A - Connector 1	HDMI (MALE)
Side B - Connector 1	HDMI (MALE)
<b>WARRANTY</b>	
Product Warranty Period (Worldwide)	Lifetime limited warranty
