SRP: \$119.99

The new Mobile Edge Professional Backpack may be the most intuitive case we have ever designed. The well thought-out design of this backpack offers the right amount of organized storage space - right where you want it. The Professional Backpack offers four separate storage sections for all of the gear you need for your daily commute or an overnight trip. This Checkpoint-friendly backpack is constructed of durable ballistic nylon and includes padded air-mesh shoulder straps and back panel, a padded top carry handle for easy lifting and a trolley strap for stacking on other luggage. The backpack also features a fully-adjustable and padded laptop compartment for 13" to 16" laptops, a separate fleece lined pouch for an iPad, tablet or e-reader, a unique quick-access accessory pocket and a large section to hold files, extra gear or personal items. A zippered front organizer section provides quick access to pens, cell phone, business cards, keys, cables and other small accessories.

Combined with our new matching Rolling Case, the Mobile Edge Professional Cases are the perfect choice for the frequent business traveler.
