

HP COMPAQ 6710B NOTEBOOK PC

TAILORED FOR BUSINESS

Extensive connectivity, 15.4" widescreen, Intel processors

HP recommends Windows Vista™ Business

Focused on your business

The HP Compaq 6710b Notebook PC offers cost-effective business computing without compromising on connectivity or productivity. This thin and light notebook works just as hard as you do and includes the latest Intel® Core™2 Duo Processors, a range of mobile features, and compatibility with HP Universal Accessories.

Broaden your perspective

Select the right 15.4-inch diagonal widescreen display that best suits your needs – either a WSXGA+ WVA (wide-viewing angle) anti-glare display or a WXGA with your choice of an anti-glare display or HP BrightView display.

Technology in tune with your needs

Experience new levels of system responsiveness when running multiple applications and smarter battery performance designed to help extend mobility with Intel® Core™2 Duo Processors.² Quickly store data and synchronize with different types of devices with the integrated Media Card Reader; while the optional DVD+/–RW SuperMulti DL LightScribe³ Drive lets you burn custom labels directly to your disc.

Enjoy wireless in more places

Whether you're across the street or across the country, HP Broadband Wireless, ^{4,} WLAN⁶ and Bluetooth[®] technologies allow you to conveniently stay connected in more places.

HP Professional Innovations help you focus on your business

Built to protect. Multi-layered, customizable security solutions help defend your network, your applications, and your data. The new Drive Encryption for HP ProtectTools encodes all information on the hard drive volume so it becomes unreadable to an unauthorized person.

Built to simplify. Boost your productivity while maximizing simplicity with features such as HP QuickLook.¹³ Now you can quickly browse your email, calendars, and contact information with a touch of a button whether your PC is turned on or not.

Built to last. Reliable features such as HP DuraFinish and HP 3D DriveGuard so your notebook can go the distance.

HP COMPAQ 6710B NOTEBOOK PC

1. Certain Windows Vista product features require advanced or additional hardware. See http://www.microsoft.com/windowsvista/getready/capable_mspx for details. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. To download the tool, visit www.windowsvista.com/upgradeadvisor. 2. Dual Core is a new technology designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.microsoft.com/vinfo/em64t for more information. 3. Do not copy copy-right protected materials. Intended for creation and storage of your original material and other lawful uses. Double layer discs on store more data than single layer discs. Double-layer discs burned with this drive may not be compatible with many existing single-layer DVD drives and players. LightScribe creates a monochrome image. LightScribe media required and sold separately. Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 GB Double Sided – Version 1.0 media. 4. Wireless use requires separately purchased service contract. Check with service provider for availability and coverage in your area. Available in select countries only. 5. The specifications for the 802.11n WIAN are draft specifications and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the notebook to communicate with other 802.11n WIAN devices. 6. Wireless access points required and is not incl
