THE AWARD WINNING

FREESTYLE DESIGN

NEW!

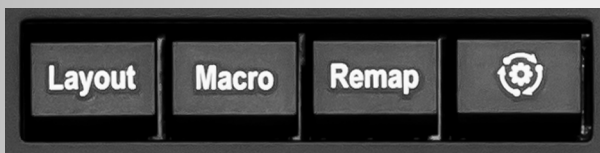

PREMIUM MECHANICAL KEY SWITCHES

The **FreeStylePro** features low force **Cherry Brown MX Switches**.

Brown switches feature a tactile bump for maximum ergonomics and a low activation force of 45 grams, providing the **ultimate typing comfort and durability**

CUSTOMIZE ANY KEY

Record Macros, re-map keys and switch between custom layouts via onboard shortcuts, or the SmartSet programming app

No clunky software or special drivers to install

Custom settings move with the keyboard

Use the **eight office hotkeys** or program your own shortcuts to boost productivity and eliminate awkward keystrokes

SPLIT

12-20 INCHES

TENT*

* Requires optional tenting accessory. Available with or without palm supports.
