27ppm (Colour)

1,200 x 6,000 dpi  
Print Resolution

Droplet Size

Direct Photo Print

4 Separate  
Ink Cartridges

# DCP-195C

Despite its compact size, the colour inkjet Multi-Function Centre, DCP-195C packs a printer, copier and scanner into its body frame. Its multiple media card slots, direct connectivity to digital cameras and direct access from USB flash memory drives give you the flexibility to get work done by everyone in the family!

With the price of one, DCP-195C prints up to 33 black and white pages per minute and up to 27 colour pages per minute. Further, these speedy print jobs are done with super tiny ink droplets (1.5 picolitre), so that pictures look sharper and contrasts more apparent.

The DCP-195C not only saves you time and space, it saves you money! Comes with a 4 individual ink cartridge system, this means you only have to replace the colour that runs out instead of having to discard an entire tri-colour cartridge - eliminating waste, saving you money and conserving the environment.

When you need true-to-life colour printing, you can trust that there is a Brother at your side.

GENERAL		
<b>Printing Technology</b>	Inkjet	
<b>Display</b>	1 line LCD

\* When used with Brother BP71 photo paper - see Consumables section.

# Approximate page yields in accordance with ISO 24711. The supplied ink will be lesser due to initial purging.

\*\* Print & scan directly from/to a USB Flash Memory Drive (supports up to 32GB). Brother does not guarantee the compatibility of all brands of USB Flash Drive.

For more information regarding system requirements, please visit <http://solutions.brother.com>

Brother strongly recommends the use of genuine Brother consumable products only. Benefits include better quality prints, greater yields per consumable, protection of your machine from damages and achievement of optimum performance. As a precaution, please note that your machine warranty may not cover any damages arising from the use of non-genuine consumables.
