

In-Wall Mount

For 32" to 71" LCD and Plasma Flat Panel Screens

NEW!

Maximize your flat panel experience by installing it against the wall with the industry's first universal in-wall mounting solution for up to 71" screens. Installation is quick and easy thanks to the mount's stud-locating tabs that fit the in-wall box snugly between 16" wood stud centers. View the flat panel screen in its virtually no-profile home position, or extend the arm over 19" to watch it anywhere else within the room. This mount is so flat, it may even allow installations to meet ADA requirements.

In-Wall Mount

For 32" to 71" LCD and Plasma Flat Panel Screens
