Solution for Cisco phones

Jabra wireless headsets with EHS functionality boost productivity as they provide the user with the ability to answer and end a call, while away from their desk.

### THE EHS ADAPTER ALLOWS THE USERS TO

- Hear ring tones
- Answer and end calls

All from their headset and quite convenient, when they are up to 150 meters/450 feet away from their desk. The integration of desk phone and headset allows users to benefit from enhanced mobility and the ability to multitask while on a call. The wireless freedom improves work efficiency and ergonomics throughout the day.
