

Windows®. Life without Walls™. Samsung recommends Windows 7.

# If you're looking for great value performance

## Rely on the Samsung N130

If you want a great value netbook you can't go wrong with the **Samsung N130**. In fact, the only things that have been cut down are its cost and weight. At just 1.25kg the N130 is the lightest in its class, with a slim and elegant chassis that is accentuated with unique colours and sensuous styling yet it still utilises the highest quality components and materials like a 10.1" high resolution display with its proper aspect ratio which delivers sharper and brighter images, as well as the most accurate playback of movies and related content.

Thanks to its class-leading engineering optimised processing performance, the N130 also boasts an impressive battery life of up to 6 hours so you can easily keep surfing for longer. With an array of sophisticated wireless communications and data sharing technology the N130 really has everything that you need for life on the move – at a price you can afford.

### Intel® Atom™ processor

Based on an entirely new micro-architecture, the Intel® Atom™ Processor increases energy efficiency to extend battery life, whilst delivering enhanced mobile performance and increased system responsiveness on netbook devices.

### Get online almost anywhere

Explore the world from the comfort of your home with the N130's built-in wireless, 3G HSPA modem which provides high-speed access to the Internet and your data anytime and almost anywhere. With 10/100 LAN, 802.11bg/n, an internal microphone and headphone-out connection, it's easy to stay in touch using VoIP telephony.

### Longer lasting battery life

Set yourself free with the N130's extended battery life. It delivers up to 6 hours\* of power to keep you going all day long. This exceptional performance is guaranteed by the energy efficient XD LCD display, optimized processing performance and Samsung's class-leading engineering. So you're always ready to go anywhere and do anything.

\* Battery life based on BatteryMark test scores that will vary based on configuration.

### Ergonomic Keyboard

The N130 Incorporates a normal-size, notebook PC style keyboard, for easy typing. Its ergonomic design and optimized key spacing make working and communicating a much more pleasurable and productive experience, with fewer errors and faster typing speeds.
