

The VisionTek DVI to DisplayPort 1.5 meter (5 foot) cable lets you connect your legacy DVI laptop, desktop or dock to the latest DisplayPort monitors with one simple cable. Most other adapters on the market require multiple adapters, then an additional display cable. This solution provides an all in one solution without the need for additional power or adapters.

With the 1.5 meter (5 foot) length, the DVI-D to DisplayPort cable provides ample length so you can configure your desk or presentation setup however you wish.

PN 900823 | UPC 7 84090 03395 6

NOTE: This adapter is not bi-directional. This adapter converts DVI to DisplayPort only, not vice-versa.
