

Desktop Gaming Microphone | Gooseneck | USB | Mute Button | 3.5 mm Stereo Audio Connector

General information

Looking for a more punchy sound reproduction than your built-in microphone? This Nedis® gaming microphone provides the perfect solution! It captures that crisp, clear sound perfect for podcasting, gaming, streaming, voice overs.... you name it.

Feature-packed

The microphone works plug & play: you only need an available USB port. It has a super flexible gooseneck which you can position in any angle. A large mute button with cool LED light allows you to instantly deactivate the microphone. Don't forget to connect your headphones to the 3.5-mm output for an immersive effect.

Features

- Highly sensitive gaming mic - superb, reliable sound quality for podcasting, gaming, YouTube streaming, recording, voice overs, etc.
- Plug and play functionality - works with a USB connector; no drivers needed
- Compatible with Mac (Mac OS X 10.4.11 or higher) & PC (Windows® 7\8\10)
- Omnidirectional polar pattern - picks up sound from all directions equally
- Gaming-style design - with blue LED mute button and ultra flexible gooseneck
- Ultra flexible gooseneck
- 1.5 m braided cable - durable and non-tangling
