**Range 60**  
60cm Electric or Gas Range Cookers

Boasting a large oven capacity for a 60cm traditional range cooker, the Range 60 is the big cooker for small spaces. Combining the aesthetic appeal of authentic traditional styling with an array of modern functions. Its chunky doors, curvaceous splashback, chrome handles and cast pan support exude strength, whilst its range of features rival those of its bigger brothers. Small but beautifully formed, the Range 60 adds a touch of class to kitchens with limited floorspace and is equally at home in traditional or contemporary environments.

- Other features**
- Interior light for both ovens
  - Easy clean liners for both ovens
  - Magnetic door catches
