### Services

If you are a new T-Mobile® customer and your service is not yet activated, call Customer Care at 1.800.937.8997 and a T-Mobile Activations representative will assist you.

**You need the following information when activating service:**

- Your Service Agreement and the agent code on your Agreement
- Your name, home address, home phone number, and billing address

**Note:** For business and government accounts, please provide the name of the organization, the address, and the tax ID.

- Your Social Security number, current driver's license number, and date of birth for credit check purposes
- Your choice of T-Mobile rate plan and services (see [T-Mobile.com](http://T-Mobile.com) for the latest plan information)
- SIM serial number and IMEI number (located on the box barcode label)

Service or use is your agreement to T-Mobile's Terms and Conditions. **T-Mobile requires Arbitration of Disputes unless, for new customers, you opt-out within 30-days, or for existing customers, you previously opted-out.** Failure to activate service within 30-days from purchase will also be considered acceptance. For details, see T-Mobile's Terms and Conditions at [T-Mobile.com/terms-conditions](http://T-Mobile.com/terms-conditions).

## Legal

### APPROVED FIRMWARE VERSIONS

This device will only operate with firmware versions that have been approved for use by T-Mobile and the device manufacturer. If unauthorized firmware is placed on the device it will not function.

### INFORMATION ABOUT SAFEGUARDING HANDSETS

T-Mobile encourages customers to take appropriate measures to secure their handsets and invites them to take advantage of the features available on this handset to help secure it from theft and/or other unauthorized access and use. This handset has a locking function (e.g., user-defined codes or patterns) that can serve as a first line of defense against unauthorized use or access to stored information. Preloaded security applications that allow customers to track or locate misplaced devices can be found on several T-Mobile devices. Lost or stolen devices should be immediately reported to T-Mobile so that proper measures can be taken to protect accounts. For additional information, visit: [T-Mobile.com/devicessecurity](https://www.t-mobile.com/devicessecurity) and [T-Mobile.com/Company/PrivacyResources.aspx](https://www.t-mobile.com/Company/PrivacyResources.aspx).

### EMERGENCY DIALING

Although all phones are equipped with 9-1-1 emergency calling, this phone may or may not permit its location to be approximated during a 9-1-1 call.\*

\*Availability of this feature depends on upgrades to the (a) wireless network and (b) 9-1-1 calling system that are required to be installed by the local 9-1-1 response agency or public safety answering point (PSAP); these upgrades may not be available everywhere within our wireless coverage area or your roaming area. This approximation of the phone's location and the transmittal of location information are subject to emergency situations, transmission limits, network problems/limitations, interconnecting carrier problems, your phone, buildings/tunnels, signal strength and atmospheric/topographical conditions, and may be curtailed, interrupted, dropped or refused. The phone's approximate location is transmitted to the local 9-1-1 response agency or PSAP while the call is in progress; this

approximation is intended solely to aid the PSAP in dispatching emergency assistance or to limit the search area for emergency services personnel. You should not rely solely on a phone for essential communications (such as a medical or other emergency). Please see T-Mobile's Terms and Conditions and Privacy Policy for additional service restrictions and details.

### ADDITIONAL INFORMATION

Use of some content or features may require qualifying service, or access to a Wi-Fi connection.

**Coverage** not available in some areas. See **Terms and Conditions (including arbitration provision)** at [T-Mobile.com](https://www.t-mobile.com), for rate plan information, charges for features and services, and restrictions and details, including important limitations on availability and reliability of 9-1-1 emergency service when using Wi-Fi calling.
