Tablets and Ultrabooks have created a new category of portable computing. The new Mobile Edge Slimline Ultrabook Cases are perfectly suited to these new sleek form factors. They feature a stylish Koskin outer-shell material with contrast stitching and perforated accent panels. The Slimline Messenger has padded pockets for both a 14.1" Ultrabook and an iPad or other popular tablet. There is additional space for files and accessories, an interior zippered pocket, a full-length exterior pocket plus an organizer for cell-phones, iPod, flash drives, memory cards, pens and a key fob. An adjustable shoulder strap with polished nickel fittings make the case easy to carry.

The Mobile Edge Slimline Cases are the ultimate in stylish full-function, ultra-portable carrying cases.
