## P9 Signature - Product Overview

### **Our best sounding headphone to-date**

New in-house developed piston diaphragm speaker drivers deliver Bowers & Wilkins' unique coloration free audio experience. The angled drivers provide a superior spatial sound stage for a unique surround experience.

### **Bowers & Wilkins' continued quest for True Sound**

The new P9 Signature headphones celebrate Bowers & Wilkins 50-year mission to deliver perfect sound with all the emotion of the original performance.

### **Exquisite materials**

Crafted from luxuriously high-quality materials such as the same Italian Saffiano leather used in premium handbags and accessories. Forged foldable aluminium arms for greater durability and headband strength.

### **Superior comfort**

Uniquely vented multi layer memory foam cushions for greater comfort; leather ear pads and headband.

## P9 Signature - User benefits and key stories

### **1. Breath-taking performance**

P9 Signature are capable of delivering pristine sound that takes you to the very heart of your favourite music. Crystal clear treble, insightful midrange and deep, solid bottom end combine to create a breath-taking performance.

### **2. Celebrating 50 years**

The P9 Signature headphones are the result of our 50-year mission to deliver perfect sound intact with all the emotion of the original performance. Alongside the new 800 D3, they represent the pinnacle of audio performance.

### **3. Top of the range**

The P9 Signature are a worthy flagship model of our award-winning range of mobile Hi-Fi headphones. Advanced technologies and the best sound yet from a Bowers & Wilkins headphone once again set the standards that other audio manufacturers will have to meet.

### **4. Unique drive units**

New proprietary piston diaphragm speaker drivers deliver Bowers & Wilkins' unique coloration-free audio experience. The angled drivers also provide a superior spatial sound stage for a uniquely immersive experience.

### **5. Quality materials**

Exquisite materials crafted from luxuriously high-quality materials such as the same Italian Saffiano leather used in premium handbags and accessories. Forged foldable aluminium arms for greater durability and headband strength.

### **6. Superior comfort**

Uniquely vented multi-layer memory foam cushions combine with the high-quality leather used on the ear-pads and headband to deliver an incredibly comfortable customer experience, even on longer listening sessions.
