

Like all Kärcher products, our WD4 Premium has been engineered with practicality in mind. The WD4 Premium is one of the most versatile home and workshop tools that you'll ever own - with its powerful 1000w motor, you'll be able to clear up rubble, sawdust and spills, and even unblock your sink. The WD4 is compact in size, and with its ergonomically designed carrying handle is light, mobile and easy to transport. The Kärcher WD4 Premium comes equipped with a 2.2m suction hose, two suction tubes, a cartridge filter and a wet to dry floor tool, all of which can be stored safely on the machine. With the WD4, you won't have to change filters to clear up liquid messes, and the unique flat pleated filter system makes emptying the machine simple, with no contact with the filter or dirt required. The WD4 Premium can be used to freshen up your garage, workshop, hobby room and cellars. With the wet/dry floor tool, it can also be used to clear your entrance areas and car interiors, as it is able to clear up small spillages of water. With its compact size and on-board tool storage, the tool can be easily tucked out of sight when not in use making it the ideal solution for any home.

## WD4 Premium

- Removable filter cartridge with flat fold filter
- Newly developed accessories for perfect cleaning results
