SyncMaster 933HD / 2333HD

imagine a monitor made for entertainment

With their champagne bubble back pattern, soft moonlight glow, and sensuous curvature the Samsung 933HD / 2333HD wide screen monitors sparkle in any scenario. Their pure black or pristine white form, built-in DTV Tuner and invisible speakers invite you to enter a world where entertainment comes alive. To learn more, please visit www.samsung.com

Enter a world of wonder

The Samsung 933HD/2333HD wide screen monitors offer unlimited entertainment. Evocative, emotional images are expressed by the dramatic 10.000:1 Dynamic Contrast ratio, allowing you to enjoy a deeper, more personal viewing experience. Their enchanting elegance of form, built-in DTV Tuner and speakers, and enhanced HD connections introduce you to a world of pure sensory pleasure.

*The blue light appears when the product is turned on.

Digital TV on the PC

The Samsung 933HD/2333HD monitors enable you to enjoy a wider world of entertainment. With their **built-in digital TV tuner** and 16:9 wide screen format they are capable of displaying immaculate HDTV images. So, whether you are using them as a monitor or as a stand alone TV, you can appreciate the versatility of PC or PC free HDTV.

Your HD multimedia hub

HDMI (High Definition Multimedia Interface) connections are the fastest, most intelligent way of connecting HD digital peripherals with your monitor. Single cable transmission of pure, uncompressed digital data enables the highest definition images to be brought to life on-screen. With **2 HDMI inputs**, the Samsung 933HD/2333HD monitors are your all access pass to unlimited HD entertainment.

Designed to delight your senses

The sleek, chic contours of the Samsung 933HD/2333HD monitors create a sense of comfort and relaxation that removes all your tension. With their pristine white or pure black bodies and wide screens, they offer an expansive environment in which inspiration and creativity can grow.

The **crystal bar** curves gently, creating balance and inspiration. Its clean, clear quality is accentuated by the soft glow of the **moonlight power indicator** which soothes and smoothes your senses.

In a flat black world, the Samsung 933HD/2333HD monitors are a refreshing break from convention. Their **patterned back design** expresses an individuality that allows you to express your own.

Rich in detail

Images are born with rich, natural intensity due to the Samsung 933HD/2333HD's ultra-high **10,000:1 Dynamic Contrast ratio**. Automatic backlight adjustment creates deeper, more dramatic dark tones and brighter, more striking light tones, presenting images with vibrant, vivid colors that match those of reality itself.

High-impact sound

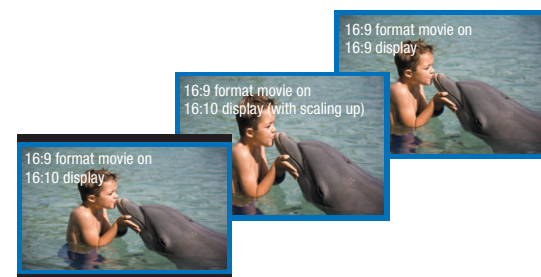

Premium sound is delivered by the powerful built-in speakers. Invisible to the eye, yet clear on the ears, the **2 channel 3W hidden speaker system** makes your work and living space a cleaner, neater place. TV, DVDs, games, and music are enhanced by the superior sonic presence of the speakers, immersing you in an environment that sounds as good as it looks.

Made to measure entertainment

The **16:9 wide screen** format provides the ultimate environment for viewing TV, movies, and games. By matching the original entertainment source format, images presented in 16:9 fit the screen exquisitely, creating a more expansive image that draws you into the picture and immerses you in the experience.

Reliable for life

The eco-friendly **off timer** is an energy saving function that allows the monitor to be turned off automatically at any specified time. By using this feature, you can ensure that the monitor maintains its optimum performance level for an extended period of time, remaining reliable and dependable for the duration of its life.
