Brother P-touch labels have been subjected to a series of rigorous tests which prove that even when they’re exposed to extreme conditions our labels have been designed to last.

- **Laminated** – our unique laminated tape technology ensures that a layer of super-clear polyethylene laminate protects your text.
- **Temperature Resistant** – P-touch labels can withstand extreme temperatures, from -80°C to 150°C.
- **Strong Adhesion** – specially developed adhesive means P-touch labels will stay firmly affixed to a wide range of surfaces.
- **Abrasion Resistant** – in the P-touch abrasion test using a 1kg sanding device, lettering remained completely intact, only the protective layer was slightly scratched.
- **Chemical Resistant** – after being submerged for 2 hours in a variety of chemical substances, no change in appearance or structure of P-touch labels occurred and the labels remained affixed.
- **Water Resistant** – after submersion in water over a long period, the tape structure and adhesive strength of P-touch labels remained unchanged.
- **Fade Resistant** – after a year in a simulated sunny climate P-touch labels showed very little change visible to the naked eye.

Brother Laminate Tape Construction

**Brother P-touch 1010**

**Technical Information**

- **Dimensions**: 107mm(W)x203mm(D)x57mm(H)
- **Design**: Handheld
- **Weight**: 365g (without batteries & tape)
- **Colour**: Metallic Silver, Royal Blue
- **Keyboard**: ABC & Numbers
- **Number of Keys**: 51 keys
- **Cutter**: Yes (manual cutter)
- **LED**: 12 Char. x 1 line + Indicators
- **Power**: 6 x AAA (LR03) batteries
- **Optional**: AC adapter (model AD-5000)
- **Built-In clock**: Yes (for date/time function)
- **Tape Type**: 12 tape cassette system
- **Tape sizes**:
  - 3.5 / 5 / 9 / 12mm
- **Print Head**: 180dpi (64 dots)
- **Print Speed**: 10mm/second
- **Built-In Software**:
  - **Memory**: 9 locations (maximum 80 characters each)
  - **Built-in Languages**: English / German / French / Dutch / Italian / Spanish / Portuguese / Danish / Swedish / Norwegian / Finnish / Polish / Slovakian / Slovenian / Croatian / Romanian / Hungarian / Czech
  - **Auto Formats**:
    - Auto length / VHS / Mini DV / Audio Cassette / CD Case / File Tab / Divider Tab
  - **Label Length**: Auto / Manual (30mm – 300mm)
  - **Number of CHRS**: 292
  - **Number of Symbols**: 83
  - **Max. Print Height**: 9mm
  - **Character Sizes**: 6, 9, 12, 18, 24 points
  - **Multi-line printing**: 1 or 2 lines
  - **Typestyles**:
    - Normal / Bold / Outline / Shadow / Normal & Bold / Normal & Outline / Normal & Shadow / Vertical
  - **Number of Frames**: 5
  - **Underline**: Yes
  - **Mirror Printing**: Yes
  - **Number of copies**: 1-9
  - **Numbering**: 1-9
  - **Auto power off**: Yes
  - **Function menu**: Yes

The P-touch 1010 is a simple to use, handheld labelling machine that prints durable, self-adhesive labels. It has an attractive, ergonomic design and is ideal for around the home, office or school. This is the perfect entry level machine that anyone can use!

**Overview**
- Create durable, colour coded labels from 3.5mm up to 12mm in width, instantly
- Use the built-in clock to quickly add the current date/time to your label
- Modern design that’s easy to hold
- Easy-to-read LCD display
- Cut your labels quickly using the built-in cutter
- Separate numeric keypad to speed-up number entry

The Brother P-touch 1010 is a simple to use, handheld labelling machine that prints durable, self-adhesive labels. It has an attractive, ergonomic design and is ideal for around the home, office or school. This is the perfect entry level machine that anyone can use!

**Easy to use**
The P-touch 1010 is suitable for a wide variety of labelling tasks. Just place the TZ label cassette of your choice (there are a wide variety of colours and widths to choose from), type your text onto the easy-to-read display and press the print button! It’s so easy.

In seconds you will have a high quality label that can be used on a wide variety of surfaces and objects which will last for many years, even outdoors! To be even more creative, choose any of the 9 different typestyles or add symbols!

**Auto Time/Date**
There is now an easy way to add the date and time onto a label. With just one press of the Time/Date key the current date, or date and time will be added to your label.

This feature is ideal for kitchens to show the date when food was stored in the fridge or freezer. It can also be used in laboratories to indicate the date and time that a sample was taken. Offices can quickly attach the date onto a file or folder, perfect for finance departments or people in the legal profession.

**Features**
- Large 9mm print height for easy-to-read labels
- 9 different typestyles available to give your text a creative look
- 9 memory locations to store and recall your most frequently used labels
- Add one or more of the 83 Symbols to your labels
- Use one of the 5 available frame styles and give your labels more impact
- The text preview feature shows your label text on the LCD display before printing
- Optional AD-5000 adapter uses virtually no power when the P-touch 1010 is switched off

**TZ tape cassette system**
TZ tape cassettes contain the label roll and ink, in an easy-to-load system.

The majority of P-touch tapes are laminated with a clear protective layer of plastic lamination, ensuring your label is one of the most durable available.

They will withstand sunlight, moisture, extremes of temperatures, chemicals and scratching.

There are other labels available, such as an iron-on fabric tape for clothes and a premium metallic silver tape.

**Wide Range of Tapes**
TZ tapes are available in a large range of colours and widths. Standard tape length is 8m providing approximately 100 labels (based on 10 characters and standard label length of 8cm). For full tape line up see TZ tape catalogue.

Within the TZ tape range we also offer special tapes, including:

- **Strong Adhesive Tape** - Gives improved adhesion for those even more demanding applications and environments.
- **Tamper Evident Tape** - Designed to leave a checkerboard pattern as an indicator that the tape has been removed.
- **Iron-On Fabric Tape** - Produces washable cloth labels ideal for labelling uniforms, work wear, beddings and table cloths.
- **Flexi ID Tape** - Ideal for cylindrical surfaces and flagging cables.
