Download

5.

Galaxy Wearable app

To connect your earbuds and smart-phone, install the Galaxy Wearable app 🔵 . Download the Galaxy Wearable app from Galaxy Store or Playstore.

Use the app to view the earbuds connection status, battery percentage, manage notifications, and various setting options.

You can download the Galaxy Wearable app only on mobile devices running Android operating system 5.0 (API 21), or later, and with 1.5 GB of RAM or more.

6.

Connect to your Samsung device

Open the charging case to enter Bluetooth pairing mode.

A pop-up window displays on your mobile device > tap **Connect** and follow the prompts.

Note: The pop-up window displays on Samsung devices running Android 7.1.1 or later.

If the pop-up window doesn't display, update the SmartThings app to the latest version.
