HP Mini 1101 Notebook PC

Affordable
companion PC
with 10.1-inch
diagonal LED-
backlit SD display
and Intel® Atom™
processors

Work in more places with the HP Mini 1101 Notebook PC, an affordable, full-function companion notebook PC.

Technology with good looks

The small and stylish HP Mini 1101 Notebook PC still packs a rich mobile internet¹ experience, and empowers mobile professionals to get more accomplished. Starting at only 2.33 lb/1.06 kg, with the optional solid state flash module,⁴ and 2.57 lb for the standard 2.5-inch hard drive, you can simply grab your companion PC and you're ready for business on the go.

A 10.1-inch diagonal LED-backlit SD display with a 16:9 aspect ratio similar to many newer TVs, – means your digital media will come across even better. - The HP Mini's LED display helps improve battery life for more productive time on the go and is mercury free, lowering its environmental footprint.

Enjoy wireless in more places

The HP Mini 1101 Companion PC helps you connect in more places by offering optional Wi-Fi Certified WLAN^{1,4} and optional WWAN.^{4,6} Receive and send emails, conduct online research and instant message in more places.

Flexible battery solutions

The HP Mini 1101 offers two optional⁴ battery solutions for lightest weight configurations or extended computing. Choose from the 3-cell or 6-cell battery^{8,10} options to maximize your business mobility.

Video capture on the go

Experience video, still-image capture, web conferencing, or video-enhanced instant messaging with no additional hardware to buy or carry. The integrated VGA webcam, analog microphone and stereo speakers enable both video and still-image capture so you can add photos and video clips to presentations, documents and e-mail.¹ How's that for a powerful media experience in a mini PC?

HP Mini 1101 Notebook PC
