

REGZA RV SERIES HD READY 1080P LCD TV

RESOLUTION+

ACTIVE VISION II

HD READY 1080P 1920x1080P

META BRAIN

Toshiba's new REGZA RV series combines HD Ready 1080p picture processing with a stylish contemporary black high gloss design.

Toshiba's acclaimed Active Vision II picture processing technology delivers stunning images from any high definition or standard definition source.

Our unique Resolution+ technology enhances edge details and texture to up-scale standard definition content to near high definition quality. Providing clearer, sharper, richer images.

DYNAMIC CONTRAST UP TO 50,000:1

FULL POWER DOWN

GAME MODE

4x HDMI™ INSTAPORT™

As no environment is ever the same, AutoView function is able to adapt to its surroundings. The content being shown on screen and the ambient room lighting are taken into account, resulting in the picture modifying itself to suit, providing a more pleasant viewing experience.

AutoView coupled with the Full Power Down option (this feature allows user to completely turn off the TV resulting in zero power consumption) allows you to lower your energy usage when enjoying your TV.

USB JPEG VIEWER

AUTOVIEW

EXACT SCAN MODE

The feature list is equally impressive thanks to our innovative Meta Brain technology; Dedicated Game Mode, 4x HDMI™ INSTAPORT™, USB JPEG viewer and integrated digital tuner to name a few.

*Dynamic Contrast specifications are defined by Toshiba's standard which is based on measured results.

Product design and specification subject to change or modification without notice.

**Specification correct at time of publication. Specification subject to change. Please check specification with retailer prior to purchase.

***DVB-C / H.264 tuners are capable of supporting the base standard for any country broadcasting H.264/ DVB-C signals. Full operation is dependant on Conditional Access (CA) systems and additional standards implemented in your country.
