

Wired Microphone | On/Off Button | With Tripod | 3.5 mm

General information

Connect this Nedis® microphone to your notebook, smartphone, action cam or any other device with a 3.5-mm port and you can start internet voice chatting, video conferencing, multiplayer internet gaming, speech recognition and place video comments straight away.

Be flexible

Place the microphone in its fully adjustable tripod stand for hand-free conversations or take it on stage - a cable length of 1.8 metres provides you with ample freedom of movement.

Features

- Condenser microphone - perfect sound reproduction for everything from songs to podcasts, presentations, video conferencing (Skype, YouTube, Twitch, etc.) and many more
- Omnidirectional polar pattern - picks up sound from all directions equally
- High-performance microphone with noise cancellation - accurate sound reproduction, perfect for voice recording
- Wide frequency response and high output - for clear, vibrant vocal performance
- Adjustable microphone stand - rotates 360°, tilts 180°, for hands-free use
- Super versatile - suitable for karaoke, sound reinforcement, multimedia applications, recording, language & other trainings, internet gaming, internet video chat, videoconferencing, etc.
- Special design for chatting and singing over the internet
