

Centro USB-C Universal Triple 4K Display Dock

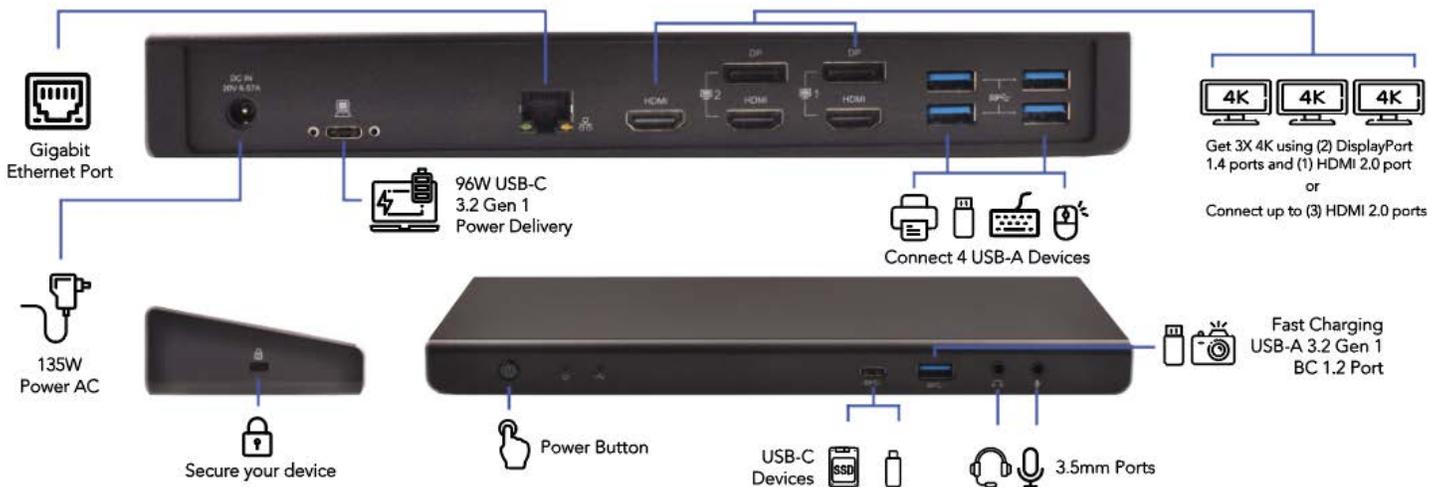

Part #: A01080

CODi's CENTRO USB-C Triple 4K Display Docking Station USB-C Universal Triple Display Dock is made to simplify connectivity at your office, or at home workstations. It features three HDMI 1080P ports, and two DP 1.4 ports, capable of supporting three 4K monitors, or two monitors.

This versatile dock seamlessly integrates all your peripherals through a Gigabit Ethernet port, a USB-C port, 5 USB 3.0 ports, a combo 3.5mm audio port, and a USB-C PD port with up to 96W of power, and can be secured with a CODi lock, via the integrated security slot. Add a multi-tip adapter to the dock to connect older laptops, that don't charge via USB-C, or a HDMI to Display Port adapter, to add a third display port monitor.

THE CODi DIFFERENCE

LEGACY CONNECTIVITY

USB-A ADAPTER IS INCLUDED (AND ATTACHED TO THE USB-C CABLE) TO CONNECT THE DOCK TO LAPTOPS WITHOUT A USB-C CONNECTION

EASY PORT ACCESS

FREQUENTLY USED PORTS ARE LOCATED ON THE FRONT OF THE DOCK, INCLUDING: POWER BUTTON, MIC/AUDIO PORTS, USB-C, AND USB-A 3.0

POWER DELIVERY

96 WATTS OF POWER DELIVERY, ALLOWING LAPTOPS REQUIRING MORE POWER TO BE CHARGED WHILE DOCKED, VERSUS MOST COMPETITORS, WHO ONLY OFFER 65 TO 85 WATTS.

TRIPLE DISPLAYS

THE DOCK OFFERS (3) HDMI PORTS, CAPABLE OF SIMULTANESOUPLY SUPPORTING 4K MONITORS, IN ADDITION TO (2) DISPLAY PORT CONNECTIONS, WHILE MOST TRIPLE DISPLAY DOCKS USE A COMBINATION OF HDMI AND DP TO SUPPORT (3) 4K DIS-PLAYS
