TOUGHBOOK 54

- 14" HD (768p) and FHD (1080p) Displays
- Available Daylight-readable 1000 Nit Gloved Multi Touch Display
- Desktop Class Performance with Available Discrete Graphics and Dual Fans
- The World's Lightest 14" Semi-rugged Laptop—2 lbs. Lighter than the Competition
- MIL-STD-810G and IP5x Magnesium Alloy Design with Built-in Handle
- Available 2nd Drive, Hot-swappable 2nd Battery, 2nd LAN, Serial, DVD, Antenna Pass-through, SmartCard Readers and More

IP5x

**3-FOOT
DROP RATING**

**MIL-STD-
810G**

THE WORLD'S LIGHTEST AND THINNEST SEMI-RUGGED LAPTOP IN ITS CLASS.

The new Toughbook® 54 laptop from Panasonic uses the latest advances to create a laptop 2 lbs. lighter and 0.5" thinner than the competition. It features a spill-resistant, full magnesium alloy design, hard drive heater, backlit keyboard and is available in four different models to suit every need. The Toughbook 54 has a wide range of integrated options, such as dedicated GPS, 4G LTE mobile broadband with satellite GPS, antenna pass-through, and insertable and contactless SmartCard readers. It is the only semi-rugged laptop that offers an optional 2nd battery allowing hot-swap battery replacement without the need to shut down or hibernate. It is also the only laptop in its class to offer dual drives, another feature that makes the Toughbook 54 one of the most versatile and advanced semi-rugged notebooks on the market.

Please consult your reseller or Panasonic representative before purchasing.																																			
¹ An Intel® Core™ i7 processor is also available on Prime, Performance and Gloved Multi Touch models.																																			
² Performance model available early summer. On all models, delayed availability on select options (2nd LAN, rugged Fischer USB, Contactless SmartCard/NFC and PC Card).																																			
³ Not available on Lite model.																																			
⁴ Total usable memory will be less depending upon actual system configuration.																																			
⁵ 1GB = 1,000,000,000 bytes.																																			
⁶ DVD, PC Card and Media Bay 2nd Battery are mutually exclusive.																																			
⁷ Dedicated GPS (u-blox), 4th USB (2.0), rugged Fischer USB and 2nd LAN are mutually exclusive.																																			
⁸ Contactless SmartCard/NFC and fingerprint readers are mutually exclusive.																																			
⁹ Approximate time. Battery performance features such as charge time and life span can vary according to the conditions under which the computer and battery are used. Battery operation and recharge times will vary based on many factors, including screen brightness, applications, features, power management, battery conditioning and other customer preferences. Battery testing results from MobileMark 2007.																																			
¹⁰ Requires software and activation to enable theft protection.																																			
¹¹ 1.5" height on Performance model and all models with the following integrated options: insertable SmartCard (bottom), 2nd LAN, 4th USB (2.0), rugged Fischer USB, VGA and Serial.																																			
¹² Accessories and Integrated Options may vary depending on your notebook configuration. Not all items are currently available. Visit Panasonic website for more accessories and details.
