# Datasheet

eve door & window

Wireless Contact Sensor

Comfort starts with having your home just the way you like it. Eve Door & Window understands whether your door or window is open or closed. See the current open/closed state at a glance and automatically control other HomeKit-enabled accessories when you open or close a door or window.

Taking advantage of Apple's revolutionary HomeKit technology, Eve offers unparalleled ease of use, advanced security, and tight integration with Siri. Eve Door & Window connects directly to your iPhone or iPad using Bluetooth low energy technology, without requiring a hub, gateway or bridge.

About Eve

The Eve family of HomeKit-enabled accessories gathers data on air quality, temperature, humidity, air pressure, energy consumption and more. Gain insights that help you improve your comfort, and make your home a smarter place. Use the free Eve app to see your home at a glance, personalize it exactly to your needs, and add scenes, timers and rules to automate your home.

Supported Devices

Eve requires an iPhone, iPad, or iPod touch with iOS 9.1 or later. HomeKit requires an iPhone, iPad, or iPod touch with iOS 8.1 or later. Controlling HomeKit-enabled accessories away from home requires an Apple TV (3rd generation or later) with Apple TV software 7.0 or later and an iPhone, iPad, or iPod touch with iOS 8.1 or later. Note: iPad 2 is not supported.

Technical Specifications
