## The New BlackBerry® Curve™ 8520 Smartphone

## Stay in Touch

Features	Benefits
<b>Phone</b>	With the BlackBerry Curve 8520 smartphone, you'll have all the tools you need to help make calls — and life — a whole lot easier. Have the features of a desktop phone with you when you're between appointments or running late. <sup>5</sup>
<b>Send and receive text and picture messages (SMS &amp; MMS)</b>	Keep in better touch with contacts who prefer text <sup>5</sup> and picture messaging! <sup>6</sup>
<b>Trackpad</b>	Access the things that are important to you quickly and easily using the new trackpad. Based on optical technology, the trackpad helps you easily scroll through the information you need, with an experience similar to the trackpad on a laptop computer. A subtle press and click allows you to select the item and get you to where you are going.
<b>Enhanced Web Mail</b>	Whether you use AOL® Mail, Gmail®, Windows Live™ or Yahoo!® Mail, you can enjoy on-the-go access to your favorite supported web mail!
<b>View attachments</b>	You can open some of the most popular document and graphic attachments even when you're on-the-go. That includes JPEG, Adobe® PDF, Microsoft® Word, Microsoft® Excel and Microsoft® PowerPoint® files. <sup>3</sup>
<b>Edit Microsoft Word, Microsoft Excel and Microsoft PowerPoint Files</b>	Enjoy the flexibility of working on most Microsoft Word or Microsoft Excel and Microsoft PowerPoint files from just about anywhere. And you'll enjoy many of the same features you do on your computer — copy and paste, change font sizes and colors, or even adjust bullets and numbering and more. <sup>4</sup>
<b>Instant messaging</b>	Chat from just about anywhere using Windows Live™ Messenger, Google Talk™, Yahoo!® Messenger, AOL® Instant Messenger™ or ICQ® apps built specifically for BlackBerry® smartphones. <sup>3,6</sup>
<b>Social Networking for BlackBerry smartphones</b>	Facebook® for BlackBerry® smartphones, Flickr™ Photo Uploader for BlackBerry smartphones, MySpace® for BlackBerry smartphones. <sup>1,7</sup>

## Entertainment on the Go

Features	Benefits
<b>Dedicated media keys</b>	Stay in control of your music easily with dedicated media keys on the top of your BlackBerry Curve smartphone. Listen to music while you're on-the-go and easily skip to the next tune, pause a song or play your favorite song over and over again. You can even mute a call by using the easy-to-access mute button on top of the BlackBerry smartphone without missing a beat.
<b>Media player</b>	Watch your videos and listen to your music all with the excellent visual and sound quality you expect from your BlackBerry Curve smartphone. You can even build playlists to suit every mood. <sup>2</sup>
<b>2.0-MP camera</b>	With a digital camera built right into your BlackBerry Curve smartphone, you can capture special moments no matter where they happen, and share them with friends, family and contacts in an email or picture message (MMS). <sup>6</sup> Or view them right away on the large, colorful screen on the BlackBerry Curve smartphone. You can even upload your pictures onto photo sharing or social networking sites like Flickr or Facebook right from your BlackBerry Curve smartphone!
<b>Video Recording</b>	With built-in video recording, you'll love watching your videos on the large, colorful display the BlackBerry Curve smartphone has to offer. <sup>2,10</sup>
<b>BlackBerry Media Sync</b>	BlackBerry® Media Sync lets you sync your desktop iTunes® or Windows Media® Player music files with your BlackBerry smartphone. In just a few easy steps, you can take your tunes on-the-go, wherever you go. <sup>8</sup> If you are a Mac™ computer user, simply load up your BlackBerry® Desktop Software and choose the 'media' option to sync your BlackBerry smartphone with your Mac computer.
<b>Mobile streaming</b>	Access videos, music or even sports and news clips from web sites built for mobile streaming! <sup>11</sup>

## Browse, Shop and Buy

Features	Benefits
<b>BlackBerry App World</b>	Personalize your BlackBerry smartphone with apps from BlackBerry App World™ storefront and discover how to put more of your life on your BlackBerry smartphone. <sup>1</sup>

## Instant Information

Features	Benefits
<b>HTML browsing</b>	A responsive, dynamic browsing experience, to help you get the information you need, when you need it. <sup>1</sup>
<b>Wi-Fi® support</b>	Wi-Fi has the ability to provide fast download speeds and web browsing and can be used to provide access to BlackBerry data services in areas with no or weak coverage. You can connect to your home wireless network or to Wi-Fi hotspots to enjoy Wi-Fi connectivity. <sup>11</sup>
<b>Bluetooth®-enabled</b>	The BlackBerry Curve smartphone is Bluetooth-enabled, so you can keep your hands free to focus on other tasks at hand. And the BlackBerry Curve smartphone works with the Bluetooth Stereo Audio profile for high-quality, wireless stereo sound. <sup>8</sup>

For more information on the BlackBerry Curve 8520 smartphone, please visit [www.blackberry.com/curve](http://www.blackberry.com/curve)

1. Requires activation with data plan. Check with provider for more information. 2. For a complete list of supported media file formats, visit [www.blackberry.com/go/mediaffles](http://www.blackberry.com/go/mediaffles). 3. For a complete list of supported file formats, visit [www.blackberry.com/go/attachmentsupport](http://www.blackberry.com/go/attachmentsupport). 4. The BlackBerry Curve smartphone does not support Microsoft® 2007 files. 5. Requires activation with voice plan. 6. The ability to send pictures is not supported by all instant messaging programs. Check with your IM provider for supported features and services. 7. The Facebook for BlackBerry smartphones, Flickr Uploader for BlackBerry smartphones and MySpace for BlackBerry smartphones applications are available at no charge to the user. Check with your provider to determine costs that may be associated with downloading the software. 8. Supports all AZDP Bluetooth accessories. 9. For BlackBerry Media Sync to work your media enabled BlackBerry smartphone must be connected to your computer via a USB cable. Certain music files may not be supported by the media player, including incompatible file types and files that contain digital rights management technologies. BlackBerry Media Sync is compatible with devices featuring BlackBerry Device Software v4.2 or later. Devices that do not feature built-in mass storage capabilities (significant amounts of on-board memory) will require a microSD card to be properly inserted. Please visit [www.blackberry.com/mediasync/microSD](http://www.blackberry.com/mediasync/microSD) for a list of devices requiring microSD cards. BlackBerry Media Sync is compatible with 32-bit editions of Windows XP Service Pack 2 which can be used with iTunes version 7.0 or higher AND 32-bit editions of Windows Vista which can be used with iTunes version 7.2 or higher. Not compatible with Windows 2000 or with MAC OS. All applicable charges will still apply for the purchase of music from iTunes. 10. Depending on the amount of built-in memory available for use, a third-party microSD card may need to be properly inserted into the BlackBerry smartphone to enable the video recording feature. microSD cards may be sold separately. 11. The BlackBerry Curve smartphone supports Wi-Fi 802.11 b/g. Not all BlackBerry plans support Wi-Fi access to BlackBerry services. Check with your service provider for supported services and features. 12. Times vary by network. GSM times based on GSM PRD DG.09 Battery Life Measurement Technique. Actual results may vary. Network availability and coverage affect battery life and are dependent upon a number of factors, including location and transmission environment.

Check with your service provider for roaming arrangements, service plans and supported features and services. Certain features outlined in this document may require a BlackBerry Enterprise Server software v4.1.5, BlackBerry® Desktop Manager and/or BlackBerry® Device Software v4.5.
