Brother Installation Disc

Telephone Line Cord

NOTE

Manuals in Spanish for this model are available at <u>support.brother.com</u>.

Manuales en Español para este modelo están disponibles en <u>support.brother.com</u>.

- Most of the illustrations in this Quick Setup Guide show the MFC-J491DW.
- Save all packing materials and the box in case you must ship your machine.
- You must purchase the correct interface cable for the interface you want to use. A USB cable is included with some models.

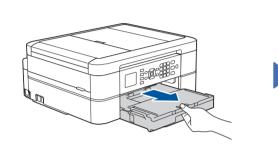

USB cable

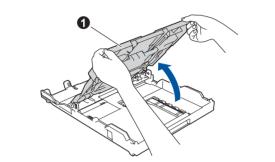

We recommend using a USB 2.0 cable (Type A/B) that is no more than 6 feet (2 meters) long.

2

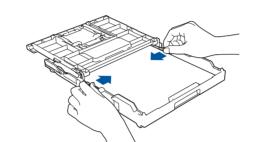

Load paper in the paper tray

For more information about paper handling and sizes, see the Reference Guide.

Open the output paper tray cover 1.

Adjust the paper guides.

Fan the paper well and load it in the tray.

Close the output paper tray cover, and then slowly push the tray completely into the machine.

NOTE

Pull out the paper support ①, and unfold the paper support flap ② so that the printed pages do not fall.

Connect the power cord

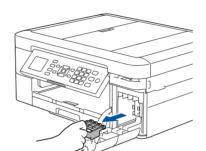

Set the date and time

Follow the prompts displayed on the LCD to set the date and time.

Install the starter ink cartridges

Open the ink cartridge cover and remove the orange protective part from the machine.

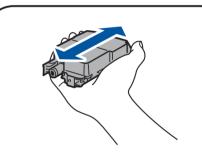

You will need it if you transport the machine.

Do not throw away the orange protective part.

Follow the steps on the LCD to unpack and install the ink cartridges. The machine will prepare the ink tube system for printing.

Quickly shake just the **black** ink cartridge horizontally 15 times as shown, before inserting it into the machine.

NOTE

Machine settings

When the machine has finished the initial cleaning process, follow the steps on the LCD to configure the machine settings.

- Check print qualitySet Firmware Unda
- Set Firmware Update defaultsPrint the installation sheet

You can adjust the control panel angle

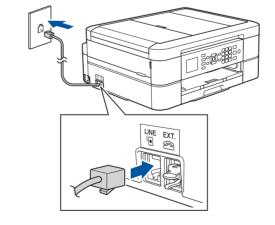

to read the LCD more easily.

Print the installation sheet

Connect the telephone line cord

If you are not using your machine as a fax, go to 8. For more information on using the fax feature, see the *Online User's Guide*.

Select a device to connect to your machine

Connect your computer

Put the installation disc into your CD/DVD drive, or download the Full Driver & Software Package at:

For Windows®: support.brother.com/windows For Mac: support.brother.com/mac

If you are using a recently released operating system on your computer, visit the above websites for updated driver and software information.

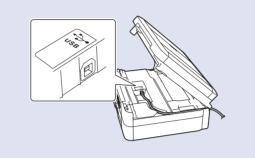

For Windows®:

If the Brother screen does not appear automatically, go to Computer (My Computer/This PC). Double-click the CD/ DVD-ROM icon, and then double-click start.exe

For Mac:

For full driver functionality, we recommend choosing the CUPS driver when adding a printer.

For USB Connection: Locate the correct port inside the machine as shown.

Finished

Can't Connect? Check the following:

• USB connection

Restart your wireless access point/router (if possible).

Disconnect the cable.

Restart your machine and computer, and then go to 12

If still not successful, go to 13

Even if you do not have a wireless access point/router, you can connect your device and your machine directly. For additional wireless network

support, go to support.brother.com/wireless-support.

Brother regularly updates firmware to add features and apply bug fixes.

To check for the latest firmware, visit support.brother.com/up4.

If still not successful, visit support.brother.com for FAQs and Troubleshooting.

Alternative wireless setup

Find your SSID (Network Name) and Network Key (Password) on your wireless access point/router and write them in the table provided below.

SSID (Network Name) Network Key (Password) SSID: XXXXXXX Network key: XXXX

If you cannot find this information, ask your network

1. Go to your machine, and press WiFi on the panel. Press **OK** to select

[Setup Wizard]. The [Enable WLAN?] message appears on the LCD.

Press ▶ to select Yes.

Select the SSID (Network Name) for your access point/router and enter the Network Key (Password).

When the wireless setup is successful, the LCD displays [Connected].

If setup is not successful, restart your Brother machine and your wireless access point/router, and repeat 13

For Computer

12 to install software.

For Mobile Device

Go to 14 to install apps.

administrator or wireless access point/router manufacturer.

Print or scan using your mobile device

Your mobile device must be connected to the same wireless network as your Brother machine.

AirPrint is available for all supported iOS devices including iPhone, iPad, and iPod touch. You do not need to download any software to use AirPrint. For more information, see the Online User's Guide.

Download and install the Mopria® Print Service app from Google Play™ using your Android™ device.

Download and install our free application **Brother iPrint&Scan** from a mobile application store, such as the App Store, Google Play™ or Microsoft® Store using your mobile device.

Brother SupportCenter is a mobile app that provides the latest support information for your Brother product. Visit the App Store or Google Play™ to download.

Optional apps

You can print from and scan to your mobile device using various apps. For instructions, see the Online User's Guide.

(USA only) For more information on apps, visit www.brother-usa.com/connect.
