*Windows 8 Pro tablets (Microsoft Surface Pro, Surface Pro 2, etc.)

IOGEAR'S USB 3.0 Universal Docking Station quickly and easily turns your laptop, ultrabook or Microsoft Surface® Pro tablet into a full-featured workstation. With support for dual monitors, gigabit Ethernet, 6 USB ports, plus microphone and speaker connections, the USB 3.0 Universal Docking Station connects you to all your peripherals with just a single USB 3.0 cable.

IOGEAR's USB3.0 Docking Station delivers all the connectivity of a desktop to your laptop, ultrabook or even Microsoft Surface® Pro tablet! Simply connect a USB 3.0 cable from your notebook to the IOGEAR USB 3.0 Universal Docking Station and you've added DVI and HDMI connections supporting two additional monitors, a gigabit Ethernet port, six USB ports (two USB 3.0 and four USB 2.0), and audio input/output jacks for headsets or speakers. Now you can easily add a keyboard and mouse, external hard drives, printers, webcams, etc. to turn that laptop into a complete workstation. Additionally, you can dock a Windows 8 Pro compatible tablet and unleash it's full ability to bridge the gap between desktop computer and tablet device!

Where did my peripheral connectors go?

Did you just buy the latest ultrabook or MacBook only to find there are few USB ports and no Ethernet (RJ-45) connector? No problem, IOGEAR's USB 3.0 Universal Docking Station has everything needed to connect you to your world.

Multitask like a boss!

With dual monitor outputs you can edit video on one screen, compose the soundtrack on another screen, plus monitor email on your laptop screen all at the same time!

USB 3.0 Universal Docking Station
