JTouch Whiteboard

with Capacitive Touch Technology

Part #: INF6502WBAG

InFocus
Collaboration That Works

The **JTouch Whiteboard with Capacitive Touch** makes presentations, instruction, and group work more dynamic and engaging. Foster collaboration and creativity and bring presentations to life with a brilliant 1080p touchscreen display that's bright and clear in any light.

Key Features

- Built-in, full-featured digital whiteboard lets you capture and save notes electronically
- Beautiful 1080p anti-glare display with capacitive touch interactivity
- Display your PC, Mac, or Chromebook via HDMI, VGA, or component video and control it from the touchscreen
- Enable touch from your computer
- Easily accessible 4-port USB hub

Shown with optional cart

Interactive Whiteboard

Draw, write, and capture notes.

- Scroll seamlessly on a multi-screen canvas, with room for free-form drawings, diagrams, and notes
- Write or draw with a complete collection of digital pens, highlighters, shapes, and lines from a continuous spectrum colour wheel
- Paste backgrounds and images onto a whiteboard or wallpaper the entire canvas
- Multiple colours, shapes, and backgrounds are available to help you communicate your ideas

Capacitive Touch

The ultra-responsive technology found in tablets and smart phones is now in your JTouch.

- Multi-point touch allows multiple people to write or draw at the same time
- No calibration required
- Works with finger, stylus, and medical grade gloves
- Sleek, bezel-less design

Specifications*

Size	65" diagonal
Resolution	Full HD 1920 x 1080
