

NOKIA LUMIA 1320

SHOW YOUR STORY ON A LARGER SCREEN

Key features

- Show your story better on a larger display with the latest imaging innovations including Nokia Camera and Nokia Storyteller.
- Nokia Storyteller automatically integrates images with HERE location information into a new way to relive your images on a map.
- Nokia Camera integrates the most popular imaging modes, Pro, Smart, and video into one seamless and fast picture taking experience.
- Enjoy the large screen more with the latest apps and Xbox games from Microsoft supported by 4G LTE connection.
- Stream unlimited music for free with Nokia Music without ads or sign on.
- Find your way and spot places around you with the free global HERE Maps with LiveSight augmented reality view.
- The supersensitive display allows you to do even more and faster even with gloves on.
- With an 8GB internal memory and expandable 64GB memory card slot you can store a wealth of content both created and collected.
- Take handwritten notes with the Papyrus app in a natural and easy way.
- Share your ideas easily and instantly with friends by projecting your phone screen to any HTML5 enabled screen with Nokia Beamer available in the Store.
