Features

- Integrated CAC reader is a FIPS 201-compliant smart card reader that supports class A, B, and C for secure access to the device and your network.

- Government/TAA-compliant, for use in U.S. Federal Government institutions and organizations.

- Military-grade drop protection is MIL-STD-810G drop-tested, which means this case is ready for anything.

- Rear camera cover allows for use of camera and keeps lens protected when not in use.

- Cable lock compatible, so the device and case can be secured with a Kensington cable lock — from the inventors of computer cable locks.

- Self-adjusting hand strap provides a firm grip when in use and stowes when not in use to allow device to lie flat and stable.

- Pen holder and tether conveniently secures and stores Surface pen.

- Kickstand opening allows for full use of the integrated Surface kickstand.

- Keyboard holder secures the keyboard when in use.

- TypeCover strap helps ensure that your keyboard stays protected and clean.

- I/O ports opening allows access to all ports, including USB 3.0 — no need to remove the case.

- Read-Only Memory (ROM) means that data is never stored, so it can't be compromised.
