*Traditional USB & Unique Lightning
 "Data & Charge" USB Ports*

Star's unique iOS lightning cable port for iPad, iPhone and iPod communication provides device charging as well as direct cable data transfer between Apple iOS devices and the printer – in the same way a traditional USB printer talks to a terminal! This will simplify set-up as well as eliminate

the need for pairing and passwords, making life so much easier for employees. Just check your software provider supports direct iOS communication with a Star printer or email support@star-emea.com
