

## HDMI to Composite Video with Audio Converter (F/3xF)

MODEL NUMBER: **P130-000-COMP**

### Description

The P130-000-COMP HDMI to Composite Video with Audio Converter connects an HDMI source, such as a Blu-ray™ player, to a television or monitor equipped with RCA composite video connectors. With a female HDMI input port and female RCA composite video (yellow) and stereo audio (red/white) output ports, this converter lets you watch movies and play games on your existing analog display instead of buying a new HDMI monitor or television.

The P130-000-COMP is compliant with both NTSC and PAL video formats. It supports video output resolutions up to 480i (NTSC) and 576i (PAL), and is HDCP compliant. It also supports uncompressed right/left stereo audio. Plug and play with no software or drivers needed. Mounts to a wall or other surface with the included hardware. HDMI, RCA composite video and RCA audio cables sold separately.

### Features

#### Sends HDMI Audio/Video Signals to a Composite Video Display

- Female HDMI, RCA composite video (yellow) and stereo audio (red/white) connectors
- Compliant with both NTSC and PAL video formats
- Supports video output resolutions up to 480i (NTSC) and 576i (PAL)
- HDCP compliant

### Easy to Use

- Plug-and-play—no software or drivers necessary
- Mounts to a wall or other surface with the included hardware

## Specifications

### Highlights

- Compliant with NTSC and PAL video formats
- Supports video output resolutions up to 480i (NTSC) and 576i (PAL)
- Supports uncompressed right/left stereo audio
- HDCP compliant
- Plug-and-play—no drivers or software required

### System Requirements

- Computer or Blu-ray player with HDMI output
- Display with composite video and RCA stereo audio inputs
- Designed for use in playing audio/video content, such as from a DVD or a video file (e.g. MP4, MOV, etc.) on a computer. If using for standard computer usage, desktop icons and other text may appear less sharp than a direct cable connection

### Package Includes

- P130-000-COMP HDMI to Composite Video with Audio Converter
- External power supply w/NEMA 1-15P plug and 3.5 ft. cord (Input: 100–240V, 50/60 Hz, 0.5A; Output: 5V, 1A)
- Mounting hardware
- Owner's manual
