

# Connect to Infinite Possibilities

World's First Thunderbolt 3 Curved Monitor

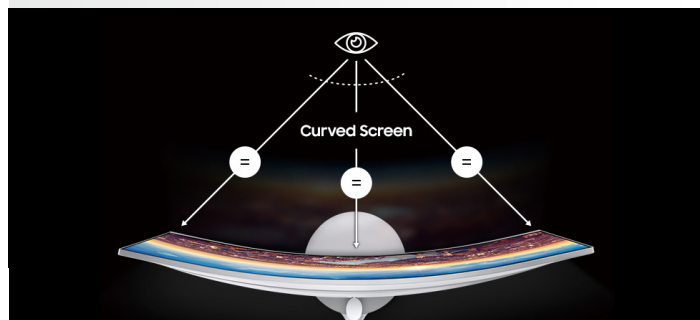

## Thunderbolt 3

The CJ79 features two Thunderbolt 3 ports to connect compatible Macs and PCs. Thunderbolt 3 transmits video and data at speeds of up to 40Gbps — 8 times faster than USB 3.0 — and simultaneously charges devices (up to 85W), all over a single cable.

## Curved for comfort

The curved screen is engineered to follow the natural curve of your eyes for a more immersive and comfortable viewing experience. Studies by Harvard Medical School and Seoul National University Hospital found the screen reduced eye-strain in users compared to flat screens and less curved monitors.

## 34" ultra-wide screen

The 34" ultra-wide curved display with its 21:9 aspect ratio provides all the workspace you need to multi-task efficiently and in comfort. Forget about inconvenient dual monitor set ups and experience truly seamless multitasking on a single screen.

## PBP and PIP

Picture-by-Picture (PBP) lets you display two sources onscreen at their native resolution. And for optimal multi-tasking, with Picture-in-Picture (PIP) you can resize the second source to up to 25% of the screen and position it anywhere.

## QLED

Supporting up to 125% sRGB color space, Quantum Dot technology delivers not only more hues than conventional monitors but also colors that are brighter, crisper, and more natural — especially reds and greens. And every monitor is factory calibrated to ensure the most accurate and life-like images

## 3000:1 Contrast ratio

Samsung's VA panel technology provides a 3000:1 contrast ratio that delivers deeper blacks, brilliant whites, and richer colors for clearer, more vibrant images.

## SPECIFICATIONS

MODEL CODE		34" CJ79
Display	Screen Size	34" (21:9)
	Panel Type	VA (Curved 1500R)
	Brightness	300cd/m <sup>2</sup>
	Contrast Ratio (Static)	3000:1
	Resolution	Ultra WQHD (3440 x 1440)
	Response Time	4ms (GTG)
	Viewing Angle (H/V)	178°/178°
Feature	Embedded Function	Magic Bright, Magic Upscale, Eco Saving Plus, PIP 2.0, PBP, Easy Setting Box, Image Size, Game Mode, Free-sync, Flicker Free
Interface	Interface	2 Thunderbolt3, 2 USB3.0, HDMI, DP
Eco	Energy/Environment Mark	TUV (Low blue light, flicker free)
Design	Color	Metallic Silver (Front, Stand, Side), White High Glossy (Rear)
	Ergonomics	Tilt (UP : -14°(±4°) ~ 22°(±4°), DOWN : -2°(±4°) ~ 34°(±4°)), HAS (100mm), Wall mount
Power	Type	External Adaptor
