want one?
ASPIRE One

Your **second** connection

Style > One look

Your style is your signature. It tells the world who you are and how you live your life, both online and off. It is all you need to be yourself. Your style comes in different colors, each with its own individual character. So does the Aspire One.

Feeling > One freedom

Smaller than an average diary and weighing as little as 2.2 pounds, the Aspire One puts complete wireless freedom in the palm of your hands. Freedom to explore new ways to connect, communicate and interact with the world you care about. Freedom to be yourself anywhere you want to.

Vision > One idea

The Aspire One has an 8.9" CrystalBrite LED backlit LCD with 1024x600 resolution and an integrated CrystalEye™ webcam that offers just the right balance between easy-to-read clarity and easy-to-use functionality. You could almost call it the perfect fit.

Experience > One world

The Aspire One comes with Windows® XP Home Edition pre-installed that not only opens up a whole new world of ultramobile entertainment possibilities, but makes it easier to locate and connect to the wireless networks around you.

Power > One energy

The Aspire One is powered by the Intel® Atom™ processor, built with the world's smallest transistors and designed specifically for low power consumption while delivering the power and performance you need for full online freedom.

ASPIRE One

- Intel® Atom™ Processor N270 (512KB L2 cache, 1.60GHz, 533MHz FSB)
- Genuine Windows® XP Home Edition
- Bright 8.9" LED backlit LCD with 1024x600 resolution
- Weight as little as 2.2 pounds
- One-year collect and return warranty

With a choice of four stylish colors:
Coral Pink, Golden Brown, Sapphire Blue and Seashell White

Acer SignalUp

This technology strategically positions two PIFA antennae on the notebook's top panel to generate an omni-directional signal sphere for superior wireless reception.

Acer GridVista

Easy-to-use software designed to automatically split the screen in up to four separate windows and make the most of available screen space.

Acer DASP

Disk Anti-Shock Protection is a technology that safeguards the hard disk against knocks and guarantees an unmatched level of protection.

Acer QuickCharge

Acer QuickCharge increases battery life and reduces recharging time: In one hour it brings the battery to 80% full charge and 100% in just two.
