PRODUCT DIAMOND XtremeSound 5.1/16 bit Sound Card

PRODUCT DETAILED DESCRIPTION

Improve Your Sound Experience for MP3s, Games, Movies, Music and more!

Diamond Xtreme Sound allows the user to experience high level, theater quality sound while watching videos, listening to music, and playing games all in true 5.1 channel surround sound. This is an essential upgrade for anyone interested in increasing their computer audio experience while freeing up valuable computer system resources.

You can import sound files, edit them, and combine them with other files or with new recordings. Export your recordings in several common file formats, such as WAV and MP3.

- Easy editing with tools such as Cut, Copy, Paste, and Delete.
- Use unlimited Undo (and Redo) to go back any number of steps.
- Edit and mix an unlimited number of tracks. Fade the volume up or down smoothly with the Envelope tool.
- Remove static, hiss, hum, or other constant background noises from your recordings.
- Alter frequencies with Equalization, FFT Filter, and Bass Boost effects.
- Adjust volumes with Compressor, Amplify, Echo, Normalize and other effects.

PRODUCT FEATURES

- 16bit/48KHz Playback
