EPSON®
EXCEED YOUR VISION

EPSON ULTRACHROME K3 INK
VIVID MAGENTA

Epson Stylus Photo R2880

Professional Epson UltraChrome™ K3 inks with Vivid Magenta for stunning photos up to A3+

The Epson Stylus Photo R2880 is the perfect introduction into larger format printing. Produce superb, long-lasting results with the latest Epson print head and ink technology, whilst enjoying the widest media flexibility available on an A3+ photo printer.

Key benefits:

- New improved pigment ink for a wide colour gamut with vibrant blues and purples
- Professional black and white photo enlargement on a variety of media
- Perfect for photography and fine art printing
- Superb quality with the new Epson Micro Piezo print head

Enjoy amazing flexibility and control to enlarge your black and white and colour images.

Epson UltraChrome K3 ink with Vivid Magenta: for expanded colour gamut, especially in blues and magenta, colour constancy and smooth tonal gradation

Three levelled black inks: for superb grey balance and precise tonal control without any colour cast or twist

Epson New LUT technology: superb gradation and colour gamut, minimal graininess and colour inconstancy

Extensive media support: from photo and fine art media to rolls and thick 1.3 mm board and even CDs and DVDs

New ink repelling, Teflon™ coated Micro Piezo™ print head: improves dot placement and print quality

Long-lasting results: photos stay fresh for decades on a variety of media, whether in an album, studio or gallery

The latest Epson technologies: access the same ink and driver technologies found in Epson large format printers

Connectivity and PC-free printing: PictBridge USB port on the front and dual USB 2.0 ports on the back
