

SAMSUNG

 Unlocked by Samsung

Galaxy S7 edge

Unlock your business edge.

Unlock true mobility and empower productivity through untethered freedom, security and an optimal user experience.

Work without barriers and discover more opportunities with the Samsung Galaxy S7 edge. Designed to give you the flexibility you need to make the best decisions for your business, Unlocked by Samsung smartphones allow you to choose the carrier that best suits your needs. With one swipe on the edge of the 5.5" screen, users can access their favorite contacts, apps and more. And Samsung Knox technology offers enterprise-grade security for keeping your mobile business data safe.

Unlock Freedom

Carrier or no carrier. It's your choice. With Unlocked by Samsung smartphones, you have the freedom to choose what works best for your employees.¹ You can also standardize on one device across multiple carriers, greatly simplifying IT. And no-contract Unlocked by Samsung smartphones can be customized for a company's Wi-Fi only environment where no carrier is necessary, combining the functionality of a tablet with the portability of a hand-held device.

Unlock the Mobile Device Experience

Unlocked by Samsung smartphones don't come pre-loaded with any carrier apps, so you have a consistent UI, and you can customize device software exactly the way you need it. And Unlocked by Samsung smartphones are optimized for U.S. carrier networks,² with access to exclusive Samsung services like Knox and Samsung+ personal support.³ Nothing will hold you back.

Unlock Value

When everyone has the same UI, you have lower training, support and connectivity costs. You have the right contract with the carrier of your choice, or even have no carrier at all. Software updates are easily managed, and you can configure devices in bulk. And your unlocked devices are CapEx assets. With Unlocked by Samsung smartphones, you save from start to finish.

Unlock Defense-Grade Security

The Samsung Knox security platform⁴ is embedded within the hardware to ensure security from the chip up, right out of the box. Trusted by 29 governments and voted "most strong" by Gartner⁵, Knox features separate work and personal container solutions that guarantee user privacy while encrypting sensitive corporate data, so you can keep what's yours, yours.⁶ And monthly updates keep your Unlocked by Samsung smartphones up to date with the latest security patches.

Unique Edge Design and Premium Display

The Galaxy S7 edge features a large 5.5" screen in an incredibly slim design that fits comfortably in the palm of your hand, offering easy, one-handed operation. With one swipe on the unique edge screen, users can access their favorite contacts, apps and more. The Quad HD Super AMOLED display gives incredible detail, to make business apps clearer and simpler to use.

Maximum Productivity

Empower employees to stay connected with an all-day battery⁷ that offers adaptive fast charging⁸ and wireless charging.⁹ Expandable storage up to 256GB¹⁰ gives mobile workers the agility to pack more projects to go, and IP68 water resistance¹¹ keeps them up and running in all environments and weather conditions. And the latest version of Knox Workspace⁴ supports Google Play for Work inside the container, Multi Window¹² support, speech-to-text, and even more robust IT controls.

¹Wireless voice, data and messaging services compatible with GSM networks such as AT&T and T-Mobile and certain regional carriers in the U.S. Not compatible with CDMA networks such as Verizon, Sprint and U.S. Cellular. Support for certain features and services, such as VoWiFi and hotspot, vary by wireless service provider. See provider for details. ²Devices will work on any compatible network. Wireless voice, data and messaging services are compatible with most GSM networks such as AT&T and T-Mobile and CDMA networks such as Verizon, Sprint and U.S. Cellular. Support for certain rate plans, features and services such as VoWiFi and hotspot vary by wireless service provider. See provider for details. ³These features and more may not be supported by non-U.S. Samsung unlocked devices. Non-U.S. refers to Samsung-branded devices intended for use in other countries and not imported or sold by Samsung Electronics America, Inc. ⁴Full Samsung Knox suite available for additional licensing fee. ⁵Hevesi, P. "Mobile Device Security: A Comparison of Platforms." Gartner, Inc. <https://www.gartner.com/doc/3276422/mobile-device-security-comparison-platforms>. ⁶Knox container solutions may come with an additional licensing fee. ⁷Based on laboratory testing. Battery power consumption depends on factors such as network configuration; carrier; signal strength; operating temperature; features selected; vibrate mode; backlight settings; browser use; frequency of calls; and voice, data and other application-usage patterns. The maximum capacity of the battery will decrease with time and use. ⁸Adaptive Fast Charging requires an AFC-compatible charger to work. ⁹Wireless charging-compatible back included with device. Wireless charging pad sold separately. ¹⁰Embedded microSD card slot supports microSD cards up to 256GB (sold separately). ¹¹Water-resistant and dustproof based on IP68 rating, which tests submersion in clear water up to 1.5 meters for up to 30 minutes. ¹²Multi Window does not support all apps. ¹³Portion of memory occupied by existing content. Total amount of available memory may be less based on configuration.
