Ambir nScan™ 915i
Wireless/Ethernet ADF Scanner
Ambir Model #NS915i
MSRP $695

…just touch the button.

The nScan 915i. Introducing Ambir Technology's easy to use, stand alone, network scanner.

Scanning and sending documents just got easier than ever. As a standalone scanner connecting to a network via ethernet or wireless, the 915i is an ideal solution for colleagues in offices to share a scanner. No cable required, just a wireless connection.

No computer needed. Just walk up and scan your document to email, the cloud, USB drive, your mobile device or wirelessly to your computer. Just touch the button.

Ideal industries:

Hospitality & Tourism

Insurance

Banking & Finance

Real Estate & Construction

Professional Services & Consulting

Healthcare

Ambir® Technology *n*

Engineered for efficiency

More Options:

With every scan you can easily deliver your document to any of the following:

| eMail | Network Share (SMB) | Google Drive, Sharepoint, Box, Evernote | Mobile and Tablet devices (via iOS & Android apps) | PC or Mac (via client software) | USB drive |

More Functional:

nScan is ideal for departmental & workgroup "walk-up" scanning, as the settings are easily modified through the touch screen.

More Straightforward:

Scanning a document is as simple as pressing the button and receiving your electronic copy in .pdf and .jpg format.

More Advanced:

Engineered to perform flawlessly, with an advanced color touch panel display and a 2,500 day duty cycle this scanner is in a class it of it own vs. competitive alternatives.
