SAMSUNG Galaxy Buds+

Quick Start Guide

What's in the box
- Earbuds (L/R)
- Charging case
- Wingtips (S/M/L)
- Ear tips (S/M/L)
- USB cable
- Quick Start Guide

Charge your device

1. Insert the buds

Insert the earbuds into the charging case

2. Connect to power

Close the charging case and connect the USB cable

Charging port

3. Charging

The earbuds and the charging case are charged simultaneously

You can also charge the earbuds and charging case simultaneously using a wireless charger.

Use only Samsung-approved charging devices and accessories. Using other accessories may void your warranty and may cause damage.

Download

Galaxy Wearable app

To connect your earbuds and smart-phone, install the **Galaxy Wearable** (Android devices) or **Galaxy Buds+** (iOS devices) app .

Download the **Galaxy Wearable** app from the Galaxy Store, Playstore or the App store.

Use the app to view the connection status, and various setting options.

Compatible with smartphones and tablet running Android 5.0 or higher and with more than 1.5GB of RAM. Also compatible with iPhone7 or later models running iOS 10 or higher.

Connect

Connect to your Samsung device

Open the charging case to enter Bluetooth pairing mode.

Note: Press the left and right touchpads at the same time to manually enter Bluetooth pairing mode.

A pop-up window displays on your mobile device > tap **Connect** and follow the prompts.

You can download the Galaxy Wearable app only on mobile devices running Android operating system 5.0 (API 21), or later, and with 1.5 GB of RAM or more.
