- Includes 1-Pass / 3-Pass / DoD 7-Pass Overwrite functions
- Stand-alone device operates without a computer

Stand-Alone USB Flash Drive and External 2.5" USB Hard Drive/SSD Drive Duplicator

Aleratec's 1:7 USB HDD Copy Cruiser SA™ offers a fast and reliable method of duplicating up to 7 USB flash drives or external 2.5-inch hard drives/SSD drives with USB. This compact, industrial-strength, stand-alone duplicator/sanitizer does not require a computer to operate and supports most popular brands of flash drives and external 2.5-inch external USB hard disk drives/SSD drives. The unique, dual compatibility allows users to simultaneously copy 7 USB1.1/2/3 flash drives or external 2.5-inch USB hard disk drives/SSD drives. In addition, the 1:7 USB HDD Copy Cruiser SA™ sanitizes external 2.5" USB hard drives using 1-Pass / 3-Pass / DoD 7-Pass Overwrite functions. All of the functions are controlled by an easy-to-read interface with backlit LCD display.

1:7 USB HDD Copy Cruiser SA™

Technical Specifications

Operation:

Stand Alone

Target Drive Bays:

7 USB Ports

Media Type:

USB Flash Drives

2.5" External Hard Drives with USB

2.5" External SSD Drives with USB

Operating Temperature:

41°F - 122°F / 5°C - 50°C

Humidity:

15% - 90% RH

Power Requirements: 100V - 240V AC, 50/60 Hz

Dimensions (LxWxH): 187.3 x 171.5 x 285.8 mm
7.375 x 6.75 x 11.25 in

Weight: 3.2 kg / 7 lb

Warranty: Limited 1 year parts and labor

UPC Code: 808068-00976-4

Country of Origin: Assembled in the
USA from components sourced globally

USB flash drives, hard drives and cables not included.

Sanitization

Responsible organizations and individuals understand that the sensitive, private data on their disposed or redeployed hard disk drives are vulnerable if those drives are not properly sanitized. The 1:7 USB HDD Copy Cruiser SA™ supports these efforts by offering independently verified overwrite sanitization that is “forensically unrecoverable” and meets the criteria set forth in NIST 800-88 guidelines for media sanitization.
