Setting up your device

Your device SIM card may be pre-installed.

Install your SIM card

1. Insert the SIM ejector pin into the hole on the card tray.
2. Pull out the card tray.
3. Insert an optional microSD™ (sold separately) card.
4. Flip the tray and insert the Nano SIM card with the gold contact facing up.
5. Insert the card tray back into the slot.

Switching made simple

Whether you are coming from an iOS or Android platform, you can easily transfer your data with Smart Switch.

Back up your old device

Back up your old device using your favorite back-up app.

Samsung Smart Switch

1. From your new Galaxy device, tap **Settings** > **Accounts and backup** > **Smart Switch**.
2. Tap **Receive data**.
3. Select your old device type.
4. Tap **Cable** (Android) or **Wireless** (Android and iOS) and follow the prompts to connect your devices.

Essential apps

Google Duo

Simple, high quality video calling for smartphones, tablets, computers and smart displays.

Google Photos

Store and back up your photos and videos automatically to your Google Account with Google Photos™.

Google Drive

Store, share and access your files from any device.

Additional information

Your wireless device and third-party services

Verizon Wireless is the mobile carrier associated with this wireless device, but many services and features offered through this device are provided by or in conjunction with third parties. Verizon Wireless is not responsible for your use of this device or any non-Verizon Wireless applications, services and products, including any personal information you choose to use, submit or share with others. Specific third-party terms and conditions, terms of use and privacy policies apply. Please review carefully all applicable terms, conditions and policies prior to using this wireless device and any associated application, product or service.

Hearing aid compatibility information

This phone has been tested and rated for use with hearing aids for some of the wireless technologies that it uses. However, there may be some newer technologies that have not been tested yet for use with hearing aids. It is important to try the different features of this phone thoroughly and in different locations, using your hearing aid or cochlear implant, to determine if you hear any interfering noise. Ask your service provider or the manufacturer of this phone for information on hearing aid compatibility. If you have questions about return or exchange policies, ask your service provider or phone retailer.

Use only Samsung approved charging devices and accessories. If you use a screen protector, make sure it allows for use of all touch-screen features.
